[Alternative Cover Evaluation FINAL 1-27-15.pdf](#)

**Dave B - have you had a chance to at least skim the last submittal from the PRPs evaluating a “hybrid” cover? I've attached it below.**

**We are considering whether to request the PRPs evaluate a certain type of cover for all of their alternative evaluations (be that the former ROD selected cover or the “hybrid” cover or anything different). We have some thoughts we would like to discuss in particular with Dave B but others are welcome to join in this call if you would like.**

**We can also briefly cover where we are heading on the groundwater at the site.**
